

Black Hawk Health Center Expansion Targeted for April 2023 Completion

The Sac and Fox Nation Business Committee has approved a \$12.3 million contract with Lambert Construction of Stillwater, Okla. for the expansion and renovation of Black Hawk Health Center. The development is projected to take 30 months to complete, and includes phases for construction and demolition pertaining to the renovation portion. The first phase of construction is expected to take 18 months with a targeted finish date of Feb., 25, 2022. The demolition portion is projected to take two months, and a move-in date is estimated for 12 months later in April of 2023. The renderings shown here were prepared by the project architects, Studio 45 Architects of Tulsa.

Thomas Morris Jr. Remembered as First Tribal Court Magistrate in Okla. History

(Editor’s Note: The following eulogy was written by former Sac and Fox Nation Business Committee Member Truman Carter.)

I had the privilege of calling Tommy my friend and working beside Tommy at the Sac and Fox Nation, beginning in the 1980’s.

Served The Sac and Fox Nation in All Three Branches of Government

I was honored when the family asked me to write this eulogy. I would like to express my sincere condolences to Tommy’s family, his friends, and all of his tribal relations. Tommy’s enduring personal legacy is his family legacy and his legacy of

tribal service.

I am pleased to be a part of the celebration of Tommy’s life - a life that was well-lived. Tommy was a distinguished and honorable individual who loved his God; he loved his family; and he loved his Indian people.

In the 1980’s, Tommy served as Committeeman on the Sac and Fox Business Committee. Tommy’s leadership and actions were significant as the Sac and Fox Nation led the revitalization and renaissance of tribal governments in Oklahoma. As Committeeman, he served in the executive and legislative branches of tribal government.

After his service as a tribal leader, in 1985 Tommy was

appointed to serve as the first Magistrate of a tribal court in Oklahoma history. The Business Committee’s appointment of Tommy as the court’s first lay judge, and the support of his tribal community, spoke volumes about the trust and confidence in Tommy’s ability to administer justice and ensure fairness to the parties and attorneys who appeared before him in court.

Tommy leaves a remarkable legacy of public service to his Tribe. He accomplished the rare, historic and unheard of ‘trifecta’ of government service: Tommy honorably served in all 3 branches of tribal government. No one has accomplished this

feat before or since. His life will serve as an inspiration to all of us who knew him.

New Transportation Facility: A Tribal Story of Planning, Design, Development and Construction

Construction is completed on the new Sac and Fox Nation Transportation Facility, which will also house the tribal Elders and the Veterans organizations. The inside furnishings are being delivered and installed on a daily basis. Although the coronavirus pandemic appeared in the spring, work on the project was never delayed or interrupted.

Tribal transportation representatives led the entire process of planning, development, plan design, engineering, contract development and management, bidding, selection, pre-construction meetings, project coordination, project management, specification enforcement and compliance, and inspection of the construction work performed. Representation of the Elders and Veterans groups participated and played a vital

role in the planning and development process. The tribal project manager was Randle Carter. The tribal inspector was Cecil Bernard.

“We were well aware that, regardless of how well we planned and designed our facility, if it does not get constructed properly, we would be making a poor investment. Our project manager and Inspector oversaw the day-to-day on-site progress of our project, keeping the general contractor on task, on schedule, and on-budget. Our efforts were aimed at cost-control and ensuring quality professional workmanship and efficiency during construction,” said Transportation Director Truman Carter.

Please watch for future announcements regarding the opening of the Transportation Facility.

Chief Justin Freeland Wood’s Address to the Nation

September has been a difficult month for our family. We lost a great man, my best friend and the great-grandfather to my children. Clint taught me how to live and, in the end he taught me how to die.

I am grateful for the time I was able to spend with him for the past 13 years and especially for the time we had together over the past ten months while he persevered in the face of stage IV cancer. His faith in Jesus Christ was apparent in the grace and peace he radiated through the end of his earthly life.

I want to thank each of you who prayed with me and my family over the past several months. Joy is a strange thing. We are called to have it in the good times and the bad. And, it is different than happiness. I am joyful in my sorrow. Romans 12:15 instructs me to “Rejoice with those who rejoice, weep

with those who weep.”

We are not the only family to lose someone we love and care for over the past year. Our people have lost grandparents, parents, and children. I am grateful and thank God for each of these lives and, I weep with you in death and rejoice with you in the healing that will come to our hearts and minds.

I thank those of you who were able to attend the 2020 Governing Council. I promised to follow up on our progress with the powwow comfort stations. Second Chief and the Maintenance Department were directed by Governing Council Resolution to add actual comfort to the comfort stations. They have started the process of selecting a bid and plan to have a full report at our upcoming Special Governing Council for RAP Budget approval.

In other news, the Sac and Fox Nation has broken ground

on our clinic expansion and is soon to complete the Transportation Building, which also houses our Elders and Veteran’s offices.

Getting a Flu Shot is Especially Important Due to Coronavirus

Getting the annual flu shot is always important. But this year, it might be essential. The SARS-Cov-2 coronavirus is surging throughout the state and much of the country, and many health experts are predicting an epidemic-level wave during the fall and winter months, right in the heart of the annual flu season in the U.S.

“That timing could be potentially disastrous for a number of reasons, but the most obvious is that the combined fight against coronavirus and influenza is potentially more than our healthcare system can handle,” said Oklahoma Medical Research Foundation physician-scientist Eliza Chakravarty, M.D.

Since the coronavirus first started spreading across the U.S. earlier this year, it has resulted in almost 2.3 million confirmed cases and 120,000 deaths, according to the Centers for Disease Control and Prevention as of June 22. Those numbers – and the associated strain on hospitals and healthcare resources – could be compounded by the flu, which in the during the 2019-20 season infected as many as 56 million Americans, with 740,000 hospitalizations and nearly 62,000 deaths, according to preliminary CDC data.

“Efforts taken with the shutdown, like social distancing and wearing masks, have kept rates low enough to keep coronavirus patients separated from others who need other routine care,” Chakravarty said. “Add another outbreak and toss in a fast-spreading virus like the flu, and all that progress could go out the window.”

Chakravarty also worries about people getting exposed to both viruses. “Each of them is deadly enough individually, but we know they are especially dangerous

for those with compromised immunity or lung function,” she said. “You don’t want to catch both if you’re already compromised.”

The good news is that there are ways to avoid this nightmare scenario, said OMRF President Stephen Prescott, M.D.

“We have to maintain already sensible practices, like physical distancing, wearing masks, and washing our hands,” said Prescott, a physician and researcher. “An obvious additional step is to get the flu shot. Even if you don’t normally get one, this is the time to do it.”

Flu shots are generally inexpensive or free, and drive-thru vaccinations may become widely available. And while the shots are far from perfect, typically providing between 40 and 60 percent protection, “Some protection is better than none,” said Prescott.

Even if you contract the flu after receiving your shot, vaccination often leads to a milder case, said Chakravarty.

“A less-severe version is always a good thing, but now it might also save you or a loved one a trip to the hospital where coronavirus exposure is possible,” she said. “So, the bottom line is that flu shots save lives – this year, maybe more than ever.”

Sac and Fox Nation Education Department News

by Edwina Butler-Wolfe

Hello!!

Hope everyone is doing well during these uncertain times. The area public schools have been in session now since August. Some schools have started out with in-person and now have gone to virtual (distancing) learning, due to the outbreak of COVID-19. There are some schools that are going strong with in-person learning. Schools are requiring students to wear face masks on the bus and when entering the facility and in the classrooms. The Center for Disease Control and Prevention (CDC) and World Health Organization (WHO) recommend wearing a cloth face mask.

The Sac and Fox Nation Education Department would like for you to consider some tips if your child’s school requires a cloth mask:

- Wearing cloth face masks should be a priority as it is difficult to maintain social distance, such as on the bus, at carpool drop-off or pickup, and when entering the building.
- Have multiple cloth face masks available for your child. Provide your child with a clean mask and back-up mask each day and a clean resealable bag for them to store the mask when they cannot wear it, such as at lunch.
- Label your child’s mask clearly so it’s not confused with another child’s.
- Practice properly putting on and taking off cloth face masks with your child while avoiding touching the cloth portions.
- Remind your child that they should clean their hands before and after touching their mask.
- Instruct your child to never share or trade masks with others.
- Talk to your child about the importance of wearing a face mask and model wearing them as a family.

If your child could use extra cloth face masks, please call the Sac and Fox Education Department for additional masks. The masks were donated by the Absentee Shawnee Health Clinic to the Sac and Fox Education Department. Call 1-918 968-3526, Ext: 2046

I would like to give an update on the COVID-19 technology equipment that the Education Department is conducting. We have ordered lap tops for the senior High School students and college students. I anticipated that we would be overwhelmed by inquires, but we have

taken care of all the completed applications that we received and now we have issued lap tops to all high school students in grades 9th, 10th, and 11th, grades. We will continue to issue lap tops out as applications are received for high school and college students. Please submit complete documents by filling out the lap top application, sign the waiver and attach a copy of the CDIB card (enrollment card that shows membership).

THE CHROME BOOKS FOR PRE-K THROUGH 8TH GRADE STUDENTS HAVE NOT BEEN DELIVERED YET. THE PROJECTION DATE IS SOMETIME IN OCTOBER.

There has been a high demand for Chromebooks nationwide and it will take a little while for delivery. We ask that everyone be patient and as soon as they arrive we will be calling you to set an appointment for you to pick up the Chromebook. We will start with the earliest date and work up to the present date.

We currently have 255 completed Chromebook applications, not including 4 pending for additional documents, as of September 10, 2020.

PLEASE SUBMIT CHROMEBOOK AND LAP TOP APPLICATIONS WITH WAIVER AND COPY OF CDIB CARD AND HAVE THE SCHOOL SIGN APPLICATION FORM OF ENROLLMENT. WE WILL NOT ACCEPT EMAIL, SCAN, OR FAX COPY OF APPLICATION FOR CHROMEBOOK OR LAP TOP MUST BE THE ORIGINAL FORM. MAKE SURE YOU SIGN YOUR SIGNATURE ON ALL DOCUMENTS AS THIS MAY DELAY YOUR SERVICE. WE WILL NOT BE CALLING YOU FROM THIS POINT ON FOR MISSING DOCUMENTS OR FOR YOUR SIGNATURE.

There is one issue that we would like to bring up and that is the clothing receipts that are required by you to turn in for your child/children’s clothing. As approved by the Business Committee 8/24/2016, all receipts are due by April 1st of the applicable school year. We will be enforcing that rule coming this next year of 2021.

NO RECEIPTS WILL BE ACCEPTED AFTER APRIL 1ST 2021. PLEASE, WHEN TURNING IN YOUR RECEIPTS, PUT YOUR NAME AND THE CHILD/CHILDREN NAME ON RECEIPTS. There were many receipts that

were sent without a name or of any kind of identification of who the receipts belonged to.

We have had 55 Higher Education students that have come through the Education office to seek funding for the 2020 Fall semester. We are currently out of funding until new budgets are approved for fiscal year 2020-2021. There are 28 college students waiting on the new budgets to be approved. As soon as we receive new budget funding in RAP and approval for DOI (Department of Interior) funding, we will fund the remainder of the college applications that are complete. RAP funding will have to be approved by the Sac and Fox Council. We hope that with both budgets, that action will take place SOON!

Our college students are waiting patiently. Some are probably thinking how we determine which 27 students get granted funding and why not the other 28 that are waiting. We work the applications as we receive them, from the earliest date and so forth. If all documents are not completed or missing in the packet, then we call about the incomplete and missing documents. From that point, it is up to the student to make sure we receive the documents so we can process. The longer the student delays in supplying documents, the longer their application is delayed.

For new students (usually the seniors that just graduated out of high school) that go through the education department, we will need the following documents:

- REVENUE ALLOCATION PLAN (RAP) APPLICATION
- COMPLETED RAP APPLICATION FORM
- SIGNED PRIVACY STATEMENT
- CERTIFICATE OR INDIAN BLOOD (CDIB) PROOF OF SAC AND FOX TRIBAL MEMBERSHIP
- ADMISSION LETTER FROM THE COLLEGE OR UNIVERSITY
- PERSONAL LETTER STATING THE COLLEGE MAJOR YOU PLAN TO PURSUE AND YOUR CAREER GOALS
- COPY OF SEMESTER CLASS

- SCHEDULE
- COPY OF OFFICIAL COLLEGE AND/OR HIGH SCHOOL TRANSCRIPT
 - COMPLETE “VERIFICATION OF ACADEMIC ENROLLMENT FORM”
 - RELEASE OF INFORMATION FORM
 - W-9 FORM
- ALL FORMS REQUESTED ARE IN THE RAP PACKET EXCEPT: CLASS SCHEDULE, OFFICIAL TRANSCRIPTS, CDIB, ADMISSION LETTER, PERSONAL LETTER FOR NEW STUDENTS.

Once the new student writes their personal letter, they will not have to write another each semester. The W-9 form is done once a year. When a new year comes a new W-9 needs to be submitted. Each semester, fall and spring, every student will have to repeat the same documents for funding. For spring 2021 semester, the DEADLINE IS NOVEMBER 30, 2020.

Applying for the Sac and Fox Nation Higher Education Department of Interior students will basically be looking at the same as RAP documents. The only difference will be the financial needs analysis form which the college financial aid office will need to fill out. If a college student is a continuing student, we will need the official college transcript from the previous semester. This applies to the RAP Program as well.

The Education Department is hoping that we can hold a workshop in January or February of 2021 for students to help them start their paperwork for college.

I will be out of the office September 21st through 28th returning on the 29th due to an ear surgery. If I miss your call or do not return your call, I apologize and will get back to you as soon and I am able to. We hope everyone is continuing being safe! If anyone has any concerns of the Education Department, please give us a call.

Thank you,

Application Deadline is Nov. 1, 2020 for COVID-19 Economic Support Program

TRIBAL MEMBERS CAN NOW SUBMIT APPLICATION FOR COVID-19 ECONOMIC SUPPORT. The application is now available on the website. To receive the economic support payment, tribal members must submit the application.

In May 2020, upon receipt of CARES Act funding from the U.S. Treasury, the Sac and Fox Nation Business Committee approved the COVID-19 Economic Support Program. Under the program, all enrolled members of the Sac and Fox Nation age 18 or older are eligible to receive two payments of \$1,000.00. Members under the age of 18 are eligible to receive two payments of \$250.00. The first distribution occurred in early June. The second distribution was scheduled for September, but the Business Committee has announced that distributions will begin immediately.

To receive the economic support payment, you must complete and submit the application. Checks will be distributed once the application is received, beginning immediately. No checks will be sent without a completed application on file. All applications must be submitted by November 1, 2020.

On June 24, 2020, the U.S. Treasury updated its guidance documents on use of CARES funds. The guidance was updated to state that economic support payments must be based on an assessment of individual need. The official guidance is periodically updated and we are closely tracking it to ensure compliance.

The application is also available online at: <http://sacand-foxnation-nsn.gov/departments/covid-relief/>

Why the ‘nsn.gov’ Designation?

From time to time, a question has been asked as to why the Sac and Fox Nation uses such a special exclusive (and longer) native sovereign nation dot gov Internet designation and name:

The “nsn dot gov” (nsn.gov) designation carries with it more significant levels of legitimacy, trust, and authority than a commercial, “dot com” domain name.

“NSN DOT GOV” confirms that it is an official government website that has been certified, verified, and recognized by the United States Government.

Of course, commercial sub-entities and public political subdivisions of tribal government may also use a commercial dot com designation for commercial-oriented purposes.

COVID-19 Economic Support Program Application

*In May 2020, upon receipt of Coronavirus Aid, Relief, and Economic Security (CARES) Act funding from the U.S. Treasury, the Sac and Fox Nation Business Committee (BC) approved the COVID-19 Economic Support Program, based on the BC's assessment that all tribal members have faced unforeseen financial hardships due to the COVID-19 pandemic. Under the program, all enrolled members of the Sac and Fox Nation age 18 or older are eligible to receive two payments of \$1,000.00: a \$1,000.00 payment distributed in early June 2020 and a \$1,000.00 payment to be distributed in September 2020. Enrolled members under the age of 18 are eligible to receive two payments of \$250.00: a \$250.00 payment distributed in June 2020 and a \$250.00 payment to be distributed in September 2020. On June 24, 2020, the U.S. Treasury updated its guidance documents on use of CARES funds. The guidance was updated to state that economic support payments must be based on an assessment of individual need. The official guidance is routinely updated and we are closely tracking it to ensure compliance. **To receive the economic support payment, you must complete and submit this application.** Upon receipt of the completed application, checks will be distributed on a rolling basis in September (based upon when applications are received). No checks will be sent without a completed application on file. All applications must be submitted by November 1, 2020.*

SAUK LANGUAGE DEPARTMENT PHILOSOPHY

Indians are born speaking our languages. For some of us, they lie dormant within our bodies. They are looking for a way out. God gave us these beautiful languages. All of us hold them in a sacred manner within. There is no such thing as an Indian person who cannot speak Indian.

Our language programs find these languages within our bodies. They bring them out through our mouths and deliver them to their rightful resting places within our hearts.

Native American Genealogy and Research Program Set For Oct. 20

Oklahoma Genealogical Society (OGS) will present a special program, “Native American Genealogy & Research” with Native Oklahoman, Rick Fogarty. His program is set for Tues., October 20, 2020 from 6 p.m. to 7:30 p.m. CST, by Webinar.

“In past years at the Oklahoma State Fair OGS booth, the majority of inquiries we receive are concerning Native American ancestry. We want to reach out to our Native American Agencies, as well as schools, social organizations, genealogical and historical societies, etc.; for you to have the opportunity to disseminate this information to any who may be interested in the Webinar,” said an OGS spokesperson.

Fogarty is a professional genealogist and lecturer in Hazlet, N.J; a third-generation genealogist with deep Oklahoma roots and a citizen of the Muscogee Creek Nation. He specializes in Native American tribal, adoption, and DNA/forensic genealogical research.

He has attended the Boston University forensic genealogy course, the Forensic Genealogy Institute genetic genealogy course, Salt Lake Institute of Genealogy, and the Institute of Genealogy and Historical Research. He is a life member of the Association of Professional Genealogists; and instructor on Native American tribal genealogy for several institutes while lecturing frequently on many genealogical topics.

Registration for this program will be through the website www.okgensoc.org, for a nominal charge of \$20. “We are limited to one-hundred Webinar links for maximum attendance of this event. OGS is an Educational Organization supported by our membership fees, educational programs and charitable contributions,” the spokesperson added.

 - The IRS 1099 form will be mailed by January 31, 2021.
- NEW MINORS . . . PLEASE SEND COPY OF SOCIAL SECURITY CARD SO WE CAN GET TRUST ACCOUNTS ESTABLISHED

Required Legal Documents

If you have had a name change due to marriage, divorce, adoption, etc., it is important the Finance Department has a copy of your social security card. All other legal documents should be sent to the Enrollment Department so their records can be updated. Any guardianship or Power of Attorney documents need to be on file with the Finance Department.

Tax Liability Notification

What are the withholding requirements for distributions that are made per a Revenue Allocation Plan (RAP)? The first step is to identify the source of funds used for the distribution. Unless the source of funds is specifically exempt from taxation, the amounts that make up the distributions to tribal members are taxable.

Which funds get reported on Form 1099-Misc? Distributions could be derived from many sources, including the profits from a tribal business other than a Class II or Class III gaming operation, interest income on investments, or rental payments from tribal lands. All these payments require a tribe to prepare a Form 1099-MISC

When does a person receive a Form 1099-Misc, Statement for Recipients of Miscellaneous Income? If a person receives **\$600 or more in 1 calendar year** from the same source, that amount must be reported on a Form 1099, and that Form 1099-Misc. must be provided to the individual.

It is only the amount distributed from NET GAMING REVENUE that is subject to withholding. The Internal Revenue Code provides that “Every person, including an Indian tribe, making a payment to a member of an Indian tribe from the net revenues of any Class II or Class III gaming activity conducted or licensed by such tribe, shall deduct and withhold from such payment a tax in an amount equal to such payment’s proportionate share of the annual-ized tax.” The amount to withhold is provided in Withholding Tables found in IRS Publication 15-A, Employer’s Supplemental Tax Guide.

If the Indian tribe anticipates making a distribution of any kind, the Indian tribe needs the tribal members’ Social Security number before the distribution is made. If an Indian tribe does not know a tribal member’s Social Security number at the time of distribution, the distribution is subject to “backup withholding” (at 28% in 2009). (Source: Internal Revenue Service (IRS) Indian Tribal Governments Frequently Asked Questions, Last Reviewed or Updated: April 22, 2013)

Per capita payments could affect any Tribal, Federal, State, and/or Local benefits you may receive or programs in which you participate. The Sac and Fox Nation encourage you to check with your tax accountant or benefit specialist.

NOTICE

Why does a W-9 needed to be submitted yearly?

If a tribal member receives income that is taxable, a 1099 must be issued for Tax Purposes. The W-9 also serves as a yearly address update.

Can the allotted minor payment be refused in order to have the entire per capita payment be deposited in trust? Yes, but in order to do so we must still receive a W-9 for the same reasons stated above. We would also need a written statement to that effect to be included with the W-9.

Dream Team: OMRF, OU join Forces to Battle the Virus

When Covid-19 hit Oklahoma, the state had only minimal testing options available. In most labs with standard equipment on hand, technicians could only complete a few dozen tests per day.

“This was a major unmet need,” said Oklahoma Medical Research Foundation scientist Joel Guthridge, Ph.D. “Everyone recognized we had to have more testing.”

For help, he reached out to Michael Talbert, M.D., Lloyd E. Rader Professor and Chair of the Department of Pathology at the University of Oklahoma College of Medicine. Together, they pioneered a new approach to test for the SARS-CoV-2 virus.

Utilizing a Fluidigm Biomark, a \$300,000 piece of scientific equipment that uses microfluidics and a technique called reverse transcription polymerase chain reaction (or RT-PCR), they could gather vast amounts of data from limited quantities of sample materials and detect small amounts of virus.

“It was a completely novel idea to use the equipment this way,” said Talbert, who oversees laboratory testing operations at OU that generate a total of approximately 5 million results each year. “No one had done this.”

Under Talbert’s guidance, an OU Medicine facilities crew renovated an empty lab to accommodate the personnel and specialized equipment the effort would require. “We made fast changes,” he said. “We even put up a wall in one day.”

The Biomark system employs a technology known as “microfluidics,” minimizing the amounts of precious reagents required to run tests. It also possesses the ability to process multiple samples at once, meaning that it holds the potential to deliver many times more results on a daily basis than a standard testing system.

For months, a joint team of OU and OMRF scientists lived a Groundhog Day-like existence, routinely pulling shifts of 12 hours or more as they refined their testing protocols. “They worked night and day, seven days a week, and often didn’t even know what day it was,” Guthridge said.

As cases in Oklahoma kept mushrooming, the group felt increasing pressure to get the lab up and running. Still, even a single false negative could send an infectious person back out into the world, triggering a cluster of new cases. “We had to get it right,” Guthridge said.

In June, the OU-OMRF team filed its final application with the FDA to launch the new test. Although Talbert described the early days as “training mode,” the operation continues to ramp up. Each day, couriers deliver samples collected at OU Medicine facilities and at “swab pods” in Oklahoma City, Tulsa and Norman. Technicians then prepare and load batches of samples, up to 186 at a time, into the Biomark, where each run takes about

six hours.

During that time, said Guthridge, the machine tests each sample five times, which ensures accuracy. And because of the Biomark’s “sensitivity,” it can detect infections other commercially available tests – especially the ones that deliver rapid results – can miss.

Most samples arrive in the afternoon. In a time when testing backlogs often force patients to wait a week or more to learn whether they have Covid-19, the lab typically reports results the following day. Sometimes, they’re able to deliver results that same day.

Still, the team is not resting on its laurels. Guthridge and Talbert are working on a concept called pooling that could quadruple the lab’s daily testing capacity without using any additional reagents. They’re also investigating the use of saliva samples, which would do away with the uncomfortable nasopharyngeal swab in favor of a simple and painless spit-in-a-cup.

Even though the collaboration arose in response to an unparalleled health crisis, Talbert described the process of working with his OMRF neighbors as “amazing” and “fun.” “We shared a single goal: to help Oklahomans in an unprecedented time of medical need,” he said.

Why the ‘nsn.gov’ Designation?

From time to time, a question has been asked as to why the Sac and Fox Nation uses such a special exclusive (and longer) native sovereign nation dot gov Internet designation and name:

The “nsn dot gov” (nsn.gov) designation carries with it more significant levels of legitimacy, trust, and authority than a commercial, “dot com” domain name.

“NSN DOT GOV” confirms that it is an official government website that has been certified, verified, and recognized by the United States Government.

Of course, commercial sub-entities and public political subdivisions of tribal government may also use a commercial dot com designation for commercial-oriented purposes.
