Major Don J. Couteau Served In Top Secret Missions for O.S.S. During World War II

(Editor's Note: Through the years, and currently, many Sac and Fox Nation tribal members have served in the U. S. Armed Forces. The following features the late Major Don J. Couteau, written by his daughter, Donna Couteau.)

Don J. Couteau (Ka toe pay), Thunder Clan, and his brother Orville (Wah Pah thee kah) grew up in Oklahoma. Their father was Carl Couteau (Too kee Kush) and mother was Laura Mae Jackson Couteau.

During the Great Depression, the boys learned to hunt rabbits and small game, since their father remarried and their mother worked as a waitress in small cafés. Times were hard and they frequently had to split up and stay with various relatives. As they got older, they worked as roughnecks in oil fields and sometimes high steel.

World War II broke out, and Don and Orville joined up. Don went into the U. S. Army Air Corps, and Orville was mostly stationed stateside in the U. S. Army. When we used to ask him (Don) what he did during the war, he would say "top secret, sworn to secrecy" or joked, "Well, if I told ya, I'd have to kill ya!" We assumed that he, like many veterans, just didn't want to talk about it. He kept it a secret until their mission was declassified almost 12 years after the "Code Talkers" during the 1980s.

Don was a teenager when he was sent to fight Nazis in Europe, circa 1942. He was assigned to a secret air base called 'Harrington Field' in England. He was part of Swarts Crew, and related that one day all the men were seated in rows by crew on long benches in a quonset hut. A general came in and told them they would choose to opt out of the mission by standing up and walking out with their crew at the end of the presentation. The operation was called code name the 'Carpetbaggers.'

The Carpetbaggers were the de facto air arm of the Office of Strategic Services, or OSS, the forerunner of the CIA. Their missions were so secret that the airmen themselves rarely knew where they were flying, what they were carrying, or to whom they were delivering agents and supplies.

They were to fly out at night, only by the light of the moon, in B-24s painted all black. They would train to fly so slowly they could easily stall out and, so low to the ground that sometimes he said they had tree tops in their bomb bay doors when they closed them. Only the pilot and navigator would know their destination. Don's navigator was 'Rocky' Cocharo, who was still living as of this writing.

On the night of the operation, an all-black Chevrolet with black windows would pull up near the aircraft and usually a single passenger would board from the rear, and had no contact with the flight crew. All passengers were called 'Joe.' So, in case of capture, that is all the crew would know. 'Joe' was a spy who parachuted out of the 'Joe hole,' a specially built area near the center of the plane. They went out over France and Germany to aid the 'resistance.' Supplies and pamphlets were

Major Don J. Couteau

also dropped to throw-off detection of their real mission and to mark the agent's location for recovery by the 'underground.'

The general said if any crew wanted to opt out, now was the time to get up and leave. The general said, "Good, it's unanimous, were all in." Later, when the crews were outside, they admitted that no one wanted to be the first to leave! Also, knowing the plan, what may have happened if they had?

Don's boyhood hunting skills were used when he became a tail-gunner and a marksman. He had excellent night vision "eyes like a cat," he said. Every mission was harrowing with bad weather, low altitude and air speed, as well as, the German Night-Fighters and flak all around them from ground artillery. He related that on one mission, they were hit! He claimed that if the Night-Fighters had come up from the rear, where he was, that wouldn't have happened.

The bombs they carried were wrapped in straw, and caught fire when they were hit. It looked like they were going down. The crew member behind him was trapped, hanging upside down like a fly in a web, tangled in his harness. Don got the heel of his boot caught in the base of the gun turret as they were trying to parachute out of the burning aircraft. Don started to laugh at the absurdity of their situation. The other guy said, "What are you laughing at? We're all gonna die."

But, Don got his foot free and another crew member put out the fire. The pilot limped the plane back to another secret field and set it down. Over the next couple of days, they made their way back to Harrington Field.

Before the missions, they always left their wallets and money, letters and photos on their beds, as was their custom. When they did not return after the first night, the other air crews went to the pub and drank a toast in their honor with the money, assuming they had all been killed in action, as had so many others before them.

The 8th Air Force 801st/492nd Bombardment Group flew 62 'Joes' in high-risk 'Carpetbagger' missions from January to July of 1944. It ended when Gen. George Patton needed their air fuel for his tank divisions. Their motto was, "By the full (Continued on Page 2)

Salt Creek Bridge Project is Well-Underway

Work is well-underway on the \$2.5 million state-tribal project to replace the Salt Creek Bridge on Hwy. 99 in Stroud. A 'shoofly' detour is nearing completion on the west of the old bridge, built in 1933. The Sac and Fox Nation is providing 33% of the costs through a grant-in-aid to the Oklahoma Dept. of Transportation. The new bridge will include two 12 ft traffic lanes and 8 ft. improved shoulders. Black Hawk Health Center Project to Begin Nov. 9

The Black Hawk Health Center Expansion Project has been approved by the Business Committee for construction. Lambert Construction Company of Stillwater, Oklahoma has been awarded the contract.

Indian Health Services funds have been dedicated to design and construct the expanded clinic building.

Federal transportation funds are being provided to fund the design and construction of the paving and parking lot portion of the project. A Monarch butterfly pollinator habitat is also included.

Studio 45 Architects of Tulsa is the project architect. EST, Inc. of Oklahoma City provided

the engineering design of the paving and parking lot. The planned construction start date is November 9, 2020. The general contractor has 19 months to complete the project.

During construction, every effort will be made to keep the clinic open to the public with access for medical services. Initially, patients will be provided with temporary parking nearest the front entrance doors. The public may experience some inconvenience and the clinic access points may change during construction. During this time your patience and understanding will be greatly appreciated.

Schools Receive Grants for 'PPE' From Sac and Fox Nation

The Sac and Fox Nation Business Committee on Oct. 6 announced a total of \$19,594 is being donated to five area schools to purchase personal protective equipment (PPE) for students, faculty and staff. The funding is from the Sac and Fox Nation Local Government Operations donations budget.

The Business Committee approved the following PPE grants to public school districts located within the Sac and Fox Nation's jurisdiction: North Rock Creek

\$5,000; Oak Grove \$5,000; Stroud \$5,000; Ripley \$2,297; and, Davenport \$2,297.

"The Sac and Fox Nation is happy to support our local schools," said Principal Chief Justin F. Wood. "It is critical that schools have access to personal protective equipment. The Sac and Fox Nation is committed to keeping our children safe and protecting our communities. We will continue to do our part to help stop the spread of COVID-19."

Chief Justin Freeland Wood's Address to the Nation

STATEMENT ON TOBACCO TAX COMPACT WITH THE STATE OF OKLAHOMA

The Sac and Fox Nation and the State of Oklahoma entered into a Tobacco Tax Compact ("Compact") on January 1, 2013. The Compact terminated on October 1, 2020. Prior to the termination of the Compact, the Sac and Fox Business Committee submitted a request to the State of Oklahoma to extend the Compact by twelve months to October 1, 2021. The State of Oklahoma denied this request and informed the Sac and Fox Nation that the State of Oklahoma is not interested in extending the Compact. The Business Committee is disappointed by this response.

In light of the current economic challenges presented by the COVID-19 public health emergency, the Business Committee proposed a one year extension to preserve the status quo and to allow both parties ample time

to negotiate the terms of the Compact, if so desired. Extensions such as this are a practical, commonplace solution. The Business Committee believes an extension is in the best interest of retailers and consumers.

The Compact addresses important economic contributions related to taxes and retail sales. Compacts provide for cooperation and coordination between tribal nations and the State of Oklahoma, which benefits all Oklahomans. Additionally, compacts play an important role in government to government relationships.

The Business Committee believes sovereign governments must work together to ensure prosperity and growth. The Business Committee is exploring all options and will continue to request additional details from Governor Stitt's office

about the State's denial of the extension request.

Why the ‘nsn.gov’ Designation?

From time to time, a question has been asked as to why the Sac and Fox Nation uses such a special exclusive (and longer) native sovereign nation dot gov Internet designation and name:

The “nsn dot gov” (nsn.gov) designation carries with it more significant levels of legitimacy, trust, and authority than a commercial, “dot com” domain name.

“NSN DOT GOV” confirms that it is an official government website that has been certified, verified, and recognized by the United States Government.

Of course, commercial sub-entities and public political subdivisions of tribal government may also use a commercial dot com designation for commercial-oriented purposes.

Sac and Fox Nation Education Department News

by Edwina Butler-Wolfe

Hope everyone had a safe Halloween!! We wish everyone a safe Thanksgiving Holiday as well. The Education Department and IT Department have had been working hard to get our hands on Chromebooks for our Sac and Fox students. We appreciate everyone being patient with us.

Everyone should know in this pandemic it is very hard to order technology equipment. The Chromebooks are a very HOT item and it is taking time to receive our order. We are trying to accommodate Pre-K through 7th grade as fast as we can with their technology equipment.

Eighth through twelfth grade and college students have received lap tops. We are looking at ordering tablets for our younger students Pre-K through 2nd grade. And, 3rd grade through 7th grade, we are still looking at Chromebooks. If we cannot receive Chromebooks, then we are looking at laptops. We hope to be issuing equipment to our students soon. Sac and Fox IT Department are working diligently with Dell Computer Company.

We will not be accepting anymore applications for Chromebooks or laptops as of NOVEMBER 1, 2020. The notice was posted on the Sac and Fox Facebook page for all tribal member information.

The Sac and Fox Nation Education Department was invited to a virtual TEDNA Board Annual Business Meeting on October 6, 2020 at 11:30 am. TEDNA stands for Tribal Education Departments National Assembly, and is a Native-run national non-profit organization. TED-

NA is a membership organization for the Education Departments of American Indian and Alaska Native Tribes (TEDs).

TENDA seeks to provide ongoing resources and technical assistance to the professional development of tribal education departments to help those departments to craft more comprehensive educational systems. TENDA accomplishes this by fostering effective relationships with government agencies, education agencies, and organizations.

TENDA also seeks to provide support and encouragement for each tribes' right to define and achieve its own education goals specific to their community and represents Tribal nations reclaiming our sovereignty in education; through the empowerment of establishing tribal education departments or the re-establishment of the tribal education departments. By empowering TEDs, TENDA is positioning our Nations to be able to lead our people through educational settings such as early childhood, K-12, college, and/or career readiness initiatives.

During the business meeting, the executive director of TENDA made a recommendation to place Edwina Butler-Wolfe of the Sac and Fox Nation on the Board. There was a motion and a second to the motion and voted unanimous to place me on the board. The Sac and Fox Nation will be represented throughout Indian Education and Indian Country for our input in Education. According to TENDA membership records, the Sac and Fox Nation's last involvement was 2011. My

plans will be to have a strong voice of input in Every Student Succeeds Act that was implemented in December of 2015, which replaced the No Child Left Behind Act.

The TEDNA annual meeting was also conducted on the same day as the board meeting updates from Washington D.C., with scheduled presentations from the Bureau Indian Education (BIE) Director Tony Dearman and, Office of Indian Education (OIE) Director Julian Gerrero. Also, Diana Cournoyer, Executive Director of National Indian Education Association (NIEA), who gave an update on current issues.

A couple of the issues that were reported included the Johnson O'Malley Program, with increasing the cost per child. This issue has been long overdue of an increase. There was talk before the pandemic that it was going to be resolved at the upper level of the federal government side, but with all that has happened it has been pushed back.

The other issue is Every Student Succeeds Act 2020 - 2021, which is coming up to be reauthorized. I am sure there will be many meetings scheduled for input of

what can be different in making this Act to be more structured.

The 2021 budgets have been approved for the Department of Interior Compact Higher Education and the Department of Interior Compact Johnson O'Malley in a special meeting called on Sept. 30, 2020 and, has been filed in the Secretary of the Sac and Fox Nation Office on October 7, 2020.

We are now waiting on Finance Department input our 2021 funding into our budget so that we can start paying our college students aid for Department of Interior Funding for Fall semester 2020. The Education Department has one more budget we are waiting on for approval and that is the Revenue Allocation Plan (RAP) Budget. As many of our Sac and Fox College Students are waiting on funding for the 2020 Fall semester, we hope that the approval will take place soon.

Hope everyone continues to be safe and wear your mask!!

Tax Liability Notification

What are the withholding requirements for distributions that are made per a Revenue Allocation Plan (RAP)? The first step is to identify the source of funds used for the distribution. Unless the source of funds is specifically exempt from taxation, the amounts that make up the distributions to tribal members are taxable.

Which funds get reported on Form 1099-Misc? Distributions could be derived from many sources, including the profits from a tribal business other than a Class II or Class III gaming operation, interest income on investments, or rental payments from tribal lands. All these payments require a tribe to prepare a Form 1099-MISC

When does a person receive a Form 1099-Misc, Statement for Recipients of Miscellaneous Income? If a person receives **\$600 or more in 1 calendar year** from the same source, that amount must be reported on a Form 1099, and that Form 1099-Misc. must be provided to the individual.

It is only the amount distributed from NET GAMING REVENUE that is subject to withholding. The Internal Revenue Code provides that “Every person, including an Indian tribe, making a payment to a member of an Indian tribe from the net revenues of any Class II or Class III gaming activity conducted or licensed by such tribe, shall deduct and withhold from such payment a tax in an amount equal to such payment’s proportionate share of the annual-ized tax.” The amount to withhold is provided in Withholding Tables found in IRS Publication 15-A, Employer’s Supplemental Tax Guide.

If the Indian tribe anticipates making a distribution of any kind, the Indian tribe needs the tribal members’ Social Security number before the distribution is made. If an Indian tribe does not know a tribal member’s Social Security number at the time of distribution, the distribution is subject to “backup withholding” (at 28% in 2009). (Source: Internal Revenue Service (IRS) Indian Tribal Governments Frequently Asked Questions, Last Reviewed or Updated: April 22, 2013)

Per capita payments could affect any Tribal, Federal, State, and/or Local benefits you may receive or programs in which you participate. The Sac and Fox Nation encourage you to check with your tax accountant or benefit specialist.

NOTICE

Why does a W-9 needed to be submitted yearly?

If a tribal member receives income that is taxable, a 1099 must be issued for Tax Purposes. The W-9 also serves as a yearly address update.

Can the allotted minor payment be refused in order to have the entire per capita payment be deposited in trust? Yes, but in order to do so we must still receive a W-9 for the same reasons stated above. We would also need a written statement to that effect to be included with the W-9.

INDIAN HEALTH SERVICE
WATER AND SEWER
ASSISTANCE AVAILABLE

The Indian Health Service, Office of Environmental Health and Engineering, offers programs to install water and sewer facilities to qualified Indian Homeowners. Funding and construction of sanitation facilities, such as wells, water service lines, septic tanks and drain fields, wastewater lagoons and sewer service lines, are available.

Minimum eligibility requirements include:

- Property must be located within the local Indian Health Service jurisdiction: The greater portion of Oklahoma County; Pottawatomie County north of the North Canadian River; Cleveland County west of the Indian Meridian; Lincoln County; Logan County, and a portion of southern Payne County.
- You must be a member of a federally recognized Indian tribe, band or group;
- If renting, you must obtain a lease agreement (minimum of five years) and a copy of the landowner’s deed/title and CDIB. Property owner must possess a Certified Degree of Indian Blood (CDIB).
- HUD homes must be paid in full before services can be provided.

Documentation of tribal affiliation and home ownership or long-term lease will be required with the application for services. Mobile homes must be tied down, skirted and wheels removed prior to service.

Absentee Shawnee and Citizen Potawatomi Nation tribal members must apply for services through their tribal OEH offices.

Please note that applying for service does not guarantee you will receive service. Service depends on the availability of funding.

Why the
‘nsn.gov’
Designation?

From time to time, a question has been asked as to why the Sac and Fox Nation uses such a special exclusive (and longer) native sov-
ereign nation dot gov Internet des-
ignation and name:

The “nsn dot gov” (nsn.gov) des-
ignation carries with it more signif-
icant levels of legitimacy, trust, and
authority than a commercial, “dot
com” domain name.

“NSN DOT GOV” confirms that
it is an official government web-
site that has been certified, veri-
fied, and recognized by the United
States Government.

Of course, commercial sub-en-
tities and public political subdi-
visions of tribal government may
also use a commercial dot com des-
ignation for commercial-oriented
purposes.
