

## Mixed-Media Artist Tony Tiger Continues Focus on Southeastern Art

*by Mike Brown*

World-renowned artist Tony Tiger is a member of the Sac and Fox Tribe of Oklahoma, and is also of Muscogee Creek and Seminole descent. After residing in Tahlequah, Okla. for the past ten years, Tiger recently relocated to the Newalla area in the central part of the state.

Sac and Fox Nation Ambassador Juaquin Hamilton recently visited with the mixed-media artist, and in a follow-up interview with the *Sac and Fox News*, Tiger outlined a continuing busy schedule of art exhibitions and other engagements he is involved with.

Tiger has been creating art for over 30 years, curating art for 10 years and, taught at the college level for 9 years. He holds a Master of Fine Art degree from

the University of Oklahoma, and continues to be active in, the Southeastern Indian Artist Association, a group of artists working together to educate, foster and promote American Indian art. “I chose to focus on Southeastern art because as artists in Oklahoma, we are thought of as from the West. However, my Muscogee Creek and Seminole ancestors were originally from

the Southeast, but moved to the West due to government policy,” said Tiger.

He was born in Los Angeles, California in 194 to William A. Tiger (Muscogee Creek) from Wewoka, Okla. and Wanda Sue Tiger (Sac and Fox-Seminole) from the Shawnee, Okla. area. He graduated from Shawnee High School, and in 1976 his family moved to the Standing Rock Reservation that straddles the border of North and South Dakota. At the age of 29, he began his college education at Seminole State College, before earning his bachelor and master degrees at Oklahoma State University and the University of Oklahoma, respectively.

“I am very thankful to the Nations for helping me with my education, and I encourage all youth to pursue the education opportunities that are available,” said Tiger.

His significant efforts to call attention to developments in contemporary Southeastern art are chronicled in a feature article by Mary Jo Watson, PhD in the Fall 2017 edition of ‘First American Art Magazine.’ ‘Return From Exile,’ his most ambitious curatorial project to date, showcases 32 artists and has been exhibiting since 2015. In 2017, he traveled to the U.K. and spoke about ‘Return From Exile’ at the American Indian Workshop at Goldsmiths, University of London. And, last

summer, he was invited to a conference focused on Native American culture in London at the University of Kent.

Within the feature article by Watson, Tiger is quoted, in part, as saying, “How fortunate we are that the Almighty created humans with the ability to see

color. As an outdoorsman, I always appreciated the wonder of color in nature, having witnessed numerous sunrises and sunsets while sitting in a tree or ground blind on a river or lake shore. This allowed me to observe the process of the illumination of color in nature and how it changes, even in a matter of minutes.

## ‘Sauk Monkey’ Ornaments a Hit at Red Earth ‘TreeFest’ in OKC

*by Mike Brown*

Sac and Fox Nation Principal Chief Kay Rhoads, tribal customs historian and Fox Clan Chief Sam Spang, and Employee Committee Vice Chair Carrie Spang, made an early-morning drive to downtown Oklahoma City on Dec. 4 as special guests at the Fourth Annual Red Earth Art Center’s ‘TreeFest’ activities.

The Sac and Fox Nation’s ‘Sauk Monkey’ Christmas tree ornaments were among decorative creations from 19 Native American tribes from across the state featured at The Red Earth Art Center from mid-November 2018 to January 4, 2019. Red

### Tribal Representatives are Special Guests

Earth Art Center is located at 6 Santa Fe Plaza, next to the historic Skirvin Hilton Hotel.

“This is our fourth year for TreeFest, and the third year for the Sac and Fox Nation to take part,” said Eric Oesch, who serves as co-director of Red Earth, Inc. “The Sac and Fox Nation always has very, very pretty handmade ornaments, and this year’s Sauk Monkeys are very popular as the only humorous ornaments created by the 19 participating Oklahoma tribes,” he added. “Four years ago, we featured five trees, and

the family-friendly Christmas festival continues to grow. Last year, we welcomed over 2,000 visitors.”

Employee Committee officers creating the handmade ornaments include: Chair Katie Thompson, Vice Chair Carrie Spang, Secretary Houston Stevens and Treasurer Bessie Morris. Sponsors of Red Earth

TreeFest include Oklahoma Arts Council, Oklahoma City Convention and Visitors Bureau, Allied Arts and KFOR News.

During the Dec. 4 visit at TreeFest, Chief Rhoads and Sam Spang were featured, along with the Nation’s Christmas tree, in a 7:15 a.m. live television interview by reporter Malcomb Tubbs of Fox 25 News.

During the interview, Spang noted the Sauk Monkey ornaments were hand-crafted with traditional features and a contemporary twist.

Within her comments, Chief Rhoads expressed appreciation for the Sac and Fox Christmas tree being featured by the art center and said, “We take a lot of pride in the Sac and Fox Nation. And, it’s so important that people know about the Sac and Fox.”

### Principal Chief Kay Rhoads Address To The Nation

I hope everyone had a wonderful holiday season, and is looking forward to a new year. As we prepare for this year, the Sac and Fox Nation has many projects in the works that will benefit our tribal members and community.

The expansion of the Black

Hawk Health Clinic has been in process for the past few months and is finally becoming a reality. The committee has made the selection of an architectural firm that will design the expansion. The committee has identified the needs based on a community survey that was completed earlier this year.

The new facility will house more exams rooms, a drive-up window for the pharmacy, optometry to provide eye exams and glasses, dental clinic, pediatrics, and a safe room. Physical therapy, exercise program, podiatry and the diabetes program will be housed in the new facility to allow for a one-stop shop.

The plans for the Merle Boyd Center will be conversion into a dialysis center. This is an appropriate service program for this facility since this was one of the late Merle Boyd’s interests. The dialysis center will be a joint partnership with other dialysis centers. This center will be more convenient for our trib-

al members who need this service and, will reduce the need to travel to Tulsa or Oklahoma City for treatment. It will also free-up time for our CHRs to provide rides to other people who need to be transported to medical appointments.

The transportation program is working in partnership with the clinic to build the parking lots and new roadway. The new road will run behind the clinic and connect to the road leading up to the juvenile detention center. This will provide an alternative route to the clinic, which is needed to address emergency access in the event the current road is closed for any reason. This alternative route has been needed for many years.

The Transportation Department is ready to break ground for the new Transportation, Elders/Veterans Building. This building will be located in Stroud at the site where the Elders’ Building burned several

### Chief Rhoads Address Cont. From Pg. 1

years ago. The building will have a breezeway that separates the two programs. The Elder/Veteran building will include a large room to accommodate elder gatherings. It will also include a kitchen, crafts room, veteran office and storage rooms for the elders and veteran materials. Opposite the Elder/Veteran Center is the Transportation Department. It will house offices and a large conference room for large meetings. Both buildings will have safe rooms in the event of inclement weather.

Our Administration Building is in need of replacement. The building has suffered damage from the numerous earthquakes and poor construction over the years. There are gaps in various parts of the building that cannot be repaired. The Nation is applying for a grant to help construct a new administration building. The grant awards will be announced in May 2019, but there is no guarantee we will receive funding this year. If we do not receive the grant, we will resubmit for the following year and continue to seek alternative funding sources until this building is replaced.

The establishment of a transit program is very much needed to help our tribal members travel to and from their home to the tribal headquarters. The Nation is seeking grant funding to create a transit program that will run from Shawnee to Stroud and Cushing to Stroud. Many of our people do not have transportation to conduct business with the Nation. By providing a transit service, this will cut down on the need for some people to rely on the CHRs for medical appointments. It will give others reliable transportation to the Nation's capitol to conduct business or participate in tribal events.

The United States Department of Transportation has had this program for many years. Several tribes in the area have already secured funding for these program funds and are in operation. The Sac and Fox Nation will be able to join the other tribes in providing service to our people.

Construction of buildings will take several months, but the clinic, elders and transportation buildings will be constructed this year. The other projects listed above will be dependent upon grant awards, but they look very achievable.

The Business Committee is reviving the Constitution Revision Committee. Our current Constitution needs some clarification in various areas. Tribal members wishing to serve on this committee should submit their names to the Office of the Secretary for consideration.

### Why the 'nsn.gov' Designation?

From time to time, a question has been asked as to why the Sac and Fox Nation uses such a special exclusive (and longer) native sovereign nation dot gov Internet designation and name:

The "nsn dot gov" (nsn.gov) designation carries with it more significant levels of legitimacy, trust, and authority than a commercial, "dot com" domain name.

"NSN DOT GOV" confirms that it is an official government website that has been certified, verified, and recognized by the United States Government.

Of course, commercial sub-entities and public political subdivisions of tribal government may also use a commercial dot com designation for commercial-oriented purposes.

There was a committee established several years ago and, we are searching to see if the committee has specific by-laws to follow. Once the committee is selected and convenes, they will work on the revisions that will be presented to the Governing Council for ratification through a secretarial election conducted by the Bureau of Indian Affairs.

This coming year will hold a lot of growth for the Sac and Fox Nation. It is hopeful all these additions will provide more services and convenience to our tribal members. Here's wishing each of you a Happy New Year!

### ATTENTION!

### Artist Tony Tiger (Continued from Page 1)

"My tribal ancestors' use of color also intrigued my interest. The ribbon work appliqué of the Sac and Fox and the patchwork of the Seminoles were my first recollections of cognitive use of color."

Tiger is currently preparing for a three-person exhibit, 'Altars of Reconciliation,' for the Hardesty Art Center in Tulsa's Brady Art District. The other artists to be featured in the Feb. 1 to March 24, 2019 exhibit are Bobby C. Martin and Erin Shaw.

Hardesty Arts Center contributing scholar Stacy Fife Pratt, PhD, (Muscogee Creek) has stated: "The installations in 'Altars of Reconciliation' express diverse, individual faith experiences of three Southeastern Native artists who practice Christianity. Each "altar" depicts ongoing personal reconciliation between the artist and God, with awareness of the complex history of Christianity among Southeastern tribes and the mystery of faith that transcends it."

### 10 Years Gone, But the Beat Plays On

*In Remembrance of Glannister C. Brown, 3/17/1919 - 1/9/2009*

Ten years gone, but not forgotten. Your memories roam freely throughout our soul. Cherished flashbacks give smiles to our hearts as we time travel to your presence. You welcome us with open arms as we catch up on lost moments, laughing away, frozen in bliss yet warm with elation. The moment is heavenly as we begin to comprehend why you vanished. We celebrate this anniversary in remembrance of your existence. Toasting to your legacy. Long live the warrior's beating drum. We will forever listen.

## Boeing Network Congratulates McClellan On AISES Lifetime Achievement Award

*by Ivan Gale, BNAN*

When Cheryl McClellan received a prestigious award for lifetime achievement from the American Indian Science and Engineering Society (AISES) recently, the C-17 Software Quality engineer joined a long line of Boeing Native American engineers and subject-matter experts recognized for their achievements on a national stage.

Wearing the dress she sewed herself in a traditional pattern of her Sac and Fox Tribe, a design handed down from her great-aunt, McClellan accepted the Ely S. Parker Award, named after the first-recognized American Indian scientist/engineer.

Reflecting back on the past 35 years in program management, supplier quality and now software quality, she recalled the joy of solving complex engineering problems.

“I liked learning,” she said. “Not just the process and the product, but also answering the questions, ‘who do I need to contact,’ and ‘how do I get this done?’”

McClellan’s recent accolade is a point of pride within the Boeing Native American Network (BNAN), a business resource group with nearly 400 company-wide members from more than 35 Native American tribes across the U.S. and Canada. BNAN also welcomes non-Native Americans.

As the group celebrated November’s National Native American Heritage Month, a federally recognized commemorative event to honor America’s tribal people, its members also reflected on the gains made within Boeing.

EDUCATION NEWS FOR JANUARY

By Barbara Ramos, Education Director &c and Fox Nation

The Education Department staff hopes that each of you celebrated the Christmas and New Year’s season with joy and happiness in your hearts and, are now ready to begin a new year.

Jean Lynam and I were able to get all the payments out to the fall semester students and the colleges by mid-November. Now, we are preparing for the spring 2019 semester students.

To date, we have received 38 RAP College Applications and 26 DOI College Applications. Although the deadline was November 30th we continue to accept applications; however, since the program operates on a first come, first served basis we may not be able to accommodate all of those who apply.

The Education Department had enough funds to assist 51 students in the fall; however, there were approximately 10 part-time students and so far for the spring I have one (1) part-time student;

therefore, we may be unable to fund all the full-time applicants. This is the reason we encourage students to get their applications in by the deadline date (November 30) as there is no guarantee that there will be enough funding for all of the students who apply.

I attended a meeting with the Institute of American Indian Art at the CPN Cultural Center on November 16 h. Roan-na Shebala, IAIA Admissions Counselor spoke with the attendees about IAIA and provided us with a brochure titled, ‘Empower Your Creativity.’

According to Ms. Shebala students are from the top six (6) states: New Mexico, Arizona, California, Oklahoma, Washington and Alaska. The top six (6) tribes to attend IAIA are the Navajo Nation, N.M. Pueblos, Oglala Sioux, Tohono O’odham, Alaska Native and Hopi. Current students represent 15% of federally recognized tribes (86f 56)

The brochure provides a great overview as to what Academic Programs are available, the Costs and Scholarships and how to apply to IAIA. IAIA is located on 140-acres in Santa Fe, NM and is surrounded by beautiful southwestern landscape and art. So if any of you are interested in attending this type of college please contact: Institute of American Indian Arts (IAIA), Office of Admissions and Recruitment, 83 Avan Nu Po Road, Santa Fe, NM 87508-1300. The e-mail address is: [www.iaia.edu/visit](http://www.iaia.edu/visit) or (505) 424-2325.

The mission of IAIA is to empower creativity and leadership in Native Arts and cultures through higher education, lifelong learning, and outreach.

JOB BOARD

## DOJ Releases Annual Report on Indian Country Investigations, Prosecutions

The United States Department of Justice on Nov. 21 released its annual report to Congress, Indian Country Investigations and Prosecutions, which provides a range of enforcement statistics required under the Tribal Law and Order Act, as well as information about the progress of the Department's initiatives to reduce violent crime and strengthen tribal justice systems.

The report reveals that in 2017, U.S. Attorney Offices prosecuted a majority of Indian country cases presented to them. U.S. Attorney Offices declined prosecution of a minority of cases presented to them primarily due to insufficient evidence or referral to another prosecuting authority, such as a tribal prosecutor. The report also shows that the FBI closed 12.5 percent more investigations in 2017 than in 2016

“The Department of Justice is committed to public safety in Indian country,” said Deputy Attorney General Rod J. Rosenstein. “We have demonstrated this commitment over the past two years by investing substantial resources and supporting innovative programs that empower federal and tribal prosecutors and build the capacity of tribal justice systems. Today’s report demonstrates that our work makes a difference. Lasting public safety improvements in Indian country are best achieved when federal, state, and tribal law enforcement agencies work together.”

“The Justice Department’s Indian Country Investigations and Prosecutions Report reflects that the many coordinated efforts among United States Attorneys and tribal justice officials are making a difference,” said Trent Shores, U.S. Attorney for the Northern District of Oklahoma, and Chairman of the Attorney General’s Advisory Subcommittee on Native American Issues.

“Our work continues, and we must be resolute, in order to meet the challenges prevalent in American Indian and Alaska Native communities. In August, the Attorney General’s Native American Issues Subcommittee met and renewed our commitment to finding meaningful and practical tools to help put an end to the disproportionate rates of violence afflicting Native Americans. Among these, the department is expanding the use of cross-deputization agreements, access to criminal databases, funding for juvenile programs serving at-risk native youth, and services to victims and their families. We must continue to work together and find solutions to violent crime and drug trafficking in Indian Country. United States Attorneys are committed to upholding the federal trust responsibility and the rule of law in Indian Country.”

The Trump Administration has strengthened the Department's commitment to Indian Country by prioritizing the reduction of violent crime throughout the United States—including in Indian Country. This reflects a recognition that Native Americans suffer from persistently high rates of violent crime, particularly domestic and sexual abuse of women and children, and like many communities in the United States, have been hit hard by both opioid and methamphetamine abuse.

In April 2017, as part of the Department's efforts under the Task Force on Crime Reduction and Public Safety, Attorney General Jeff Sessions announced a series of actions the Department would take to support law enforcement and maintain public safety in Indian Country.

The Justice Department recognizes that investigating crime and prosecuting those responsible is critical to public safety in Indian Country. To that end, the Justice Department's partnerships with tribes, as well as all federal, state and local law enforcement, are crucial to success. The Department deploys innovative programs such as the Tribal Access Program, Tribal Special Assistant U.S. Attorneys, and numerous grant programs that enhance partnerships, increase information sharing, build capacity for local criminal justice systems, and provide services to victims of crime.

According to the report, in 2017 implementation of the Violence Against Women Reauthorization Act of 2013 (VAWA 2013) remained an important priority for the Department. Federal prosecutors continued to utilize the federal assault charges created by VAWA 2013. In Calendar Year (CY) 2017, federal prosecutors filed cases against 139 defendants under VAWA 2013's enhanced federal assault statutes, which include enhanced sentences for certain crimes of domestic violence such as strangulation and stalking.

They obtained 134 convictions (an increase of 30% from CY 2016 (103)). Also in CY 2017, prosecutors filed cases

*Indicates Most Cases Submitted are Prosecuted*

against 43 defendants in Indian country cases using the domestic assault by a habitual offender statute, 18 U.S.C. § 117, and obtained 29 convictions.

Cooperation among federal and tribal law enforcement and victim advocates is key to successfully prosecuting sexual assault crimes in Indian country. As of 2017, every U.S. Attorney Office with Indian country responsibilities has developed federal sexual violence guidelines designed to improve the federal response to sexual abuse in tribal communities.

The report also notes that the Tribal Liaison Program remains one of the most important components of the Department's efforts in Indian country. TLOA requires that the U.S. Attorney for each district with Indian country appoint at least one Assistant United States Attorney to serve as a Tribal Liaison for that district. They foster and facilitate relationships between federal and tribal

partners that are vital to reducing violent crime. As part of their duties, Tribal Liaisons assist in developing multi-disciplinary teams to combat child abuse, work with SART teams on sexual abuse response, conduct community outreach, and coordinate the prosecution of federal crimes.

The information contained in the report shows the following:

FBI's CY 2017 statistics show a 12.5 percent increase in total closed investigations (2,210 total) compared to FBI's CY 2016 statistics (1,960 total). The FBI has investigative responsibility for federal crimes committed on approximately 200 Indian Reservations. This responsibility is shared concurrently with BIA-OJS and other federal agencies with a law enforcement mission in Indian country

Approximately 79.5 percent (1,511 out of 1,900) of Indian country criminal investigations opened by the FBI were re-

ferred for prosecution.

Of the 699 Indian country investigations that the FBI closed administratively without referral for prosecution, the primary reason for closing (approximately 21 percent) was that the case did not meet statutory definitions of a crime or U.S. Attorney's Office (USAO) prosecution guidelines. In addition, analysis of CY 2017 data indicates that 15 percent of investigations closed administratively were closed due to unsupported allegations, meaning no evidence of criminal activity was uncovered during the investigations. Another reason for non-referral (20 percent) was that the deaths under investigations were determined to be the result of accident, suicide, or natural causes.

Eighty-four percent (141 out of 170) of the death investigations that were closed administratively by the FBI in CY 2017 were closed because the death was due to causes other than homicide (i.e., accidents, suicide, or natural causes).

# SAUK LANGUAGE DEPARTMENT PHILOSOPHY

Indians are born speaking our languages. For some of us, they lie dormant within our bodies. They are looking for a way out. God gave us these beautiful languages. All of us hold them in a sacred manner within. There is no such thing as an Indian person who cannot speak Indian.

Our language programs find these languages within our bodies. They bring them out through our mouths and deliver them to their rightful resting places within our hearts.

You're getting a new Medicare card!  
Cards will be mailed between April 2018 – April 2019

You asked, and we listened. You're getting a new Medicare card! Between April 2018 and April 2019, we'll be removing Social Security numbers from Medicare cards and mailing each person a new card. This will help keep your information more secure and help protect your identity.

You'll get a new Medicare Number that's unique to you, and it will only be used for your Medicare coverage. The new card won't change your coverage or benefits. You'll get more information from Medicare when your new card is mailed.

Here's how you can get ready:

- Make sure your mailing address is up to date. If your address needs to be corrected, contact Social Security at ssa.gov/myaccount or 1-800-772-1213. TTY users can call 1-800-325-0778.
- Beware of anyone who contacts you about your new Medicare card. We'll never ask you to give us personal or private information to get your new Medicare Number and card.
- Understand that mailing everyone a new card will take some time. Your card might arrive at a different time than your friend's or neighbor's.

2018 PER CAPITA PAYMENT INFORMATION

- Individual must be enrolled by September 30, 2018 to be eligible for the 2018 per capita payment.
  - Tribal members will need to submit a W9 to the Finance Department for the upcoming 2018 Per Capita Payment.
  - Once a W-9 form is received, it will be updated into our system and all payments due will be made at a time of distribution.
  - If an individual is a NEW tribal member, or has had a NAME CHANGE, a copy of Social Security card is needed for our records.
  - There is NO deadline on submitting a W9. All benefits will be mailed, no exceptions.
  - The IRS 1099 form will be mailed by January 31, 2019.
- NEW MINORS . . . PLEASE SEND COPY OF SOCIAL SECURITY CARD SO WE CAN GET TRUST ACCOUNTS ESTABLISHED

W-9 Form

It is critical that the W-9 Form be completed correctly and thoroughly for each individual tribal member. Be sure to fill out your NAME, MAILING ADDRESS, SOCIAL SECURITY NUMBER, and then SIGN and DATE your form.

Required Legal Documents

If you have had a name change due to marriage, divorce, adoption, etc., it is important the Finance Department has a copy of your official Social Security card. All other legal documents could be sent to the Enrollment Department so their records can be updated. Any guardianship or Power of Attorney documents need to be on file with the Finance Department.

Minors

Parents or guardians are responsible for providing a W-9 for minor children; not doing so could result in the minor's payment not being deposited into the minor's trust fund account in a timely manner.

Contact information - Finance Department

For identity security purposes a W-9 form will not be accepted by e-mail. Completed forms may be hand delivered, mailed, or faxed.

Tax Liability Notification

What are the withholding requirements for distributions that are made per a Revenue Allocation Plan (RAP)? The first step is to identify the source of funds used for the distribution. Unless the source of funds is specifically exempt from taxation, the amounts that make up the distributions to tribal members are taxable.

Which funds get reported on Form 1099-Misc? Distributions could be derived from many sources, including the profits from a tribal business other than a Class II or Class III gaming operation, interest income on investments, or rental payments from tribal lands. All these payments require a tribe to prepare a Form 1099-MISC

When does a person receive a Form 1099-Misc, Statement for Recipients of Miscellaneous Income? If a person receives **\$600 or more in 1 calendar year** from the same source, that amount must be reported on a Form 1099, and that Form 1099-Misc. must be provided to the individual.

**It is only the amount distributed from NET GAMING REVENUE that is subject to withholding.** The Internal Revenue Code provides that "Every person, including an Indian tribe, making a payment to a member of an Indian tribe from the net revenues of any Class II or Class III gaming activity conducted or licensed by such tribe, shall deduct and withhold from such payment a tax in an amount equal to such payment's proportionate share of the annualized tax." The amount to withhold is provided in Withholding Tables found in IRS Publication 15-A, Employer's Supplemental Tax Guide.

If the Indian tribe anticipates making a distribution of any kind, the Indian tribe needs the tribal members' Social Security number before the distribution is made. If an Indian tribe does not know a tribal member's Social Security number at the time of distribution, the distribution is subject to "backup withholding" (at 28% in 2009). (Source: Internal Revenue Service (IRS) Indian Tribal Governments Frequently Asked Questions, Last Reviewed or Updated: April 22, 2013)

Per capita payments could affect any Tribal, Federal, State, and/or Local benefits you may receive or programs in which you participate. The Sac and Fox Nation encourage you to check with your tax accountant or benefit specialist.

NOTICE

Why does a W-9 needed to be submitted yearly?

If a tribal member receives income that is taxable, a 1099 must be issued for Tax Purposes. The W-9 also serves as a yearly address update.

Can the allotted minor payment be refused in order to have the entire per capita payment be deposited in trust? Yes, but in order to do so we must still receive a W-9 for the same reasons stated above. We would also need a written statement to that effect to be included with the W-9.

Dispel a Myth and Save a Life

by Clinical Staff Writer,  
Ed Abuyog, LCSW  
Drug dDriv ng a ts  
Did You Know?  
NDAFW (National Drugs & Alcohol Facts Week) promoted by the National Institute on Drug Abuse (NIDA) was initially launched in 2010 by scientists at NIDA for educational events to dispel myths with the teens in local communities. This month we at BHS hope to dispel the myths surrounding Drugged Driving. Often we hear, “Weed is no big deal.” This myth can be deadly.  
Many people are very familiar with impacts of, “drunk driving,” but often do not think of, or consider the impacts of, drugged driving. Here are some facts that may surprise many:  
• 44% of drivers in fatal car crashes tested positive for drugs in 2016  
• Of this number, 42% tested positive for both Marijuana and Opioids;  
• 38% of the same group tested positive for Marijuana alone; and,  
• Of High School Seniors, more than 1 in

8 admitted to driving under the influence of Marijuana.  
These numbers only include those accidents wherein the driver was killed resulting of a motor vehicle accident. This does not include other significant injuries or property damage. Marijuana is not harmless, but care should be taken not to drive while under its influence.  
Also, many more people are driving under the influence of over the counter medications, which can impact balance, coordination, and reaction time. Dispel a myth and you may help save a life.  
What You Can Do  
1) Be aware. Drugged Driving is Dangerous.  
2) Consider. After alcohol, Marijuana is the most commonly used drug.  
3) Act. Dispel a myth and you may help save a life.  
We are here to help. For more information, contact the Behavioral Health Department. Educational and counseling services are available to assist in prevention and treatment.

If your drinking water does not come from a public water system, you alone are responsible for assuring that it is safe. The Office of Environmental Services understand that testing your own water can be difficult and expensive. The SFN OES has obtained the funds from an EPA grant to assist with this cost. It is with pleasure that OES offers this service, free of charge, as a courtesy to you!

What is OES testing for?  
Testing for a few of the most common contaminants is highly recommended. Even if you have a safe, pure water supply, testing should be performed at least once a year to ensure that your water is safe to drink.  
The Office of Environmental Services will be testing your well for the following contaminants:  
-pH -Alkalinity -Chloride -Fluoride -Nitrate-Nitrite -Iron  
-Sulfate -Arsenic -Manganese -Total Coliform -Conductivity  
-E. coli (signs of bad bacteria) -TDS (Total Dissolved Solids) -Turbidity (Cloudy)

Your water sample will be analyzed at Accurate Environmental Laboratory, a laboratory which is certified by the State of Oklahoma to test drinking water. Please allow a minimum of 15 work days to receive test results. The Office of Environmental Services will mail the results and any recommendations to you.

Note\*  
Please understand that the U.S. Environmental Protection Agency only regulates public water systems; EPA does not have the authority to regulate private wells.  
Sac and Fox Nation's Office of Environmental Services also does not have the authority to regulate private wells.  
Sac and Fox Nation's Office of Environmental Services is not responsible for, nor capable of, remediating wells.

\*Funding is available for a limited number of households.  
So contact OES today to schedule sampling!
